

QUALITY POLICY

NAMCOR as the national oil company of Namibia, has the mission to create value to all its stakeholders across the oil and gas value chain. NAMCOR has the vision to become a world class petroleum organization and embraces the expectations to deliver outstanding product quality and continually improving services that the market demands.

The above will be achieved through our commitment to meet our clients demands, learn from past interactions, and meet legal and regulatory requirements. We will therefore endeavor to implement quality management systems, to achieve or exceed ISO 29001/9001 standards.

NAMCOR commits to:

- Enter and maintain successful and mutually beneficial partnerships.
- Offer convenience, uncompromising and quality products, and services to our customers.
- Offer a motivating, engaging, high-performing, safe and rewarding work environment.
- Develop staff competencies, creativity, empowerment, and accountability through appropriate development programs and show strong management involvement and commitment.
- To meet the expectations of shareholder's by running profitable and successful operations.
- Conscientious communication of quality expectations throughout the organisation.
- To be a responsible corporate citizen which is mindful of the community and the environment in which it operates.

The Directors, Management and Staff are responsible for Quality Control through the Quality Management System, seeking improvement by continuous review.

We encourage our customers, suppliers, and sub-contractors to adopt our quality philosophy.
